Utility bills are mailed on or about the first day of each month. The charge for water and sewer service is based on the volume of water used each month measured in units of 100 cubic feet. 100 cubic feet = 748 gallons. In addition to the volume charge, a flat fee for capital improvements and debt service is assessed each month. The flat fee is not based on the volume of water used.

Late Fees

Late fees for any portion of a bill not paid by the due date will be \$5.00 or 10% whichever is greater.

Please call the general number at Elburn Village Hall, 630-365-5060, if you have questions about your water/sewer bill.
