

## Village of Elburn 50/50 Parkway Tree Program

The Village of Elburn is offering homeowners a 50/50 Parkway Tree Planting Program. This program is based on a cooperative agreement where the Village contributes half the cost of the purchase and planting of each new replacement tree and the homeowner contributes the other half of the cost. This program is designed to replace trees on a 1:1 basis. Residents can not be reimbursed the cost of the tree(s) if it has already been planted.

Residents that want to participate in the 50/50 Parkway Tree Planting Program must fill out an application. The homeowner shall choose the street tree(s) of their choice from the approved 50/50 parkway tree list. Due to the need for increased diversity the list of trees is based upon the current population of trees. In lieu of a shortage of the species you choose please select an alternate choice and you will be contacted if this happens.

The site must be evaluated before the tree(s) are planted due to sight restrictions. (ex. street lights, fire hydrants, other trees, underground or overhead utilities or any other obstructions.) It is possible the previous existing tree may not be replaced due to these restrictions.

Funding for this program is limited and participation is on a first come, first served basis. The current cost for the homeowner's portion is approximately \$200.00 per parkway tree. Some species may cost more and the cost will be noted next to the species.

Residents must agree to provide additional water to ensure the well-being of the newly planted parkway tree.

The application and payment need to be received by May 1<sup>st</sup> for Spring Planting and September 30<sup>th</sup> for the Fall Planting. \*\*\*Just a reminder that the Village of Elburn and/or our Contractors are not responsible for damage to sprinkler systems in the parkway.

Application forms are available at the Village Hall, Elburn Public Works or online. Completed applications can be mailed or dropped off at Village of Elburn 301 E. North St. Elburn IL 60119. Please call the Public Works Department at 630-365-5064 or by email [publicworks@elburn.il.us](mailto:publicworks@elburn.il.us) with any questions.
